EDUCATION

University of Toronto (*expected 2018*)
Honours Bachelor of Science, Computer Science

SKILLSET

Software Development	Frontend Development
Node.js, Go, Ruby, Python, Objective-C, Java, SQL	JavaScript, HTML, CSS

EXPERIENCE

Microsoft Corporation, Software Engineer Intern (*May 2015 to July 2015*)

Developed and shipped OneNote's share extension for Mac, allowing users to send content into OneNote through Apple's OS-provided share menu.

Implemented rich note generation via deep links on both OneNote for iOS and Mac to allow for third party integrations.

MCF Technologies, Web Developer (*June 2013 to Jan 2014*)

Designed and developed web-based administration tools for small businesses to streamline how they interact with their data.

Apertium, Contributor (*Nov 2012 to May 2013*)

Worked with PhD students to develop machine translation services.

Built robust and efficient web scrapers for foreign news websites, leading to perpetual growth in corpus volume.

Exalt Media, Sole Proprietor (*May 2012 to Aug 2012*)

Developed several websites for local small businesses to grow their online presence.

PROJECTS

Cobalt (*2015*)

Open source project providing a collection of open data APIs enabling anyone to interface with public information from the University of Toronto.

Instatrack (*2015*)

Web application that allows users to track hashtags from Instagram in real-time, inspired by the famous Google Trends screensaver.

UofT Class Distances (*2014*)

Web tool for University of Toronto students to check walking length between adjacent classes in their schedules, receiving over 3,000 weekly active users during course selection.

Grubber (*2014*)

Web service that processes live tweets near a user's geographical location and analyzes their context to find out where free food events are being held.

AWARDS

Faculty of Arts and Science, Dean's List (*2015*) University of Toronto

Canadian Computing Competition, Honour Roll (*2014*) University of Waterloo

Google Code-In, Grand Prize Award (*2013*) Google Open Source Programs Office
